

BUCKLEY & SON

FABRICATION AND CONSTRUCTION

Raising your performance with quality fabrication and construction with proven technical expertise to keep you up and running around the clock. We will work with you in design and construction to meet your needs.

PETROCHEMICAL AND MARINE INDUSTRY

Buckley & Son fabricates steel for all types of construction, including retail, commercial and industrial projects. On every project of any size, we provide estimating, detailing, fabrication and attention to detail that ensures precision, cost efficiency and timely delivery to your jobsite.

Our company's experienced fabrication team produces quality items for the petrochemical and marine industry such as:

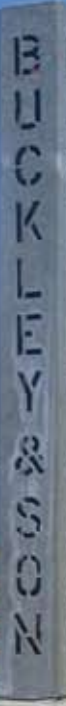

- Oil refinery parts
- Stairs
- Hand rails
- Beams
- Caged ladders
- Formed plate
(all shapes and sizes)
- Miscellaneous fabricated items
- Columns

Buckley & Son, Inc. is a steel fabrication and construction company located in Orange, Texas. This family operation was founded by Jarvis Buckley Jr. and his father, J.A. Buckley Sr. and has been in business since 1990.

Buckley & Son went through an extensive refurbishment effort to rebuild the construction shop and administration offices after Hurricane Rita dealt severe damage in September 2005. The new construction shop is now a larger, stronger and a more technologically advanced facility.

Buckley & Son is a wholly owned subsidiary of Signal International, LLC.

EQUIPMENT

ESAB Shadow 2 CNC Plasma/Oxyfuel

- Cuts carbon steel, stainless steel and aluminum up to 1" thick with plasma
- Oxyfuel cuts carbon steel over 1"
- Plasma marker

ProServ Bridge Crane (2) 5 Ton Capacity

- Top running
- Variable speed
- Remote and inverter controls

*Riser rack
stanchion
sections*

100 Ton Ironworker - Cleveland Steel Tool

- Complete punching system
- Angle shear (6" x 6" x 1/2" max)
- Flat bar shear x 24" wide
- Round bar and square bar shear
- Plate notcher

*Crane
column
support*

Bertsch Plate Roll

- 5/8" x 10' capacity

Webb Plate Roll

- 5/8" x 5' capacity

Pacific 500 Ton Press

- Flange plate
- Cones
- Square to rounds
- Crimped wind walls

*Drilling rig
shaker deck
platform*

Welding

- ABS and DNV certifications
- Unlimited thickness

Sheet Metal Capabilities

- Ventilation and duct systems
